

## DES Programs Participating in the DES Quality Assurance System

Division	Bureau	Program
Air Resources Division	Technical Services	Ambient Air Monitoring
	Stationary Sources	Emissions Inventory Toxics
Commissioner's Office	Commissioner's Office – Planning Bureau	Quality Assurance System
	Laboratory Services Geological Services	DES Laboratory Water Use Registration & Reporting Water Well Database Groundwater Levels Database Geological Survey
Water Division	Dam Watershed Management	Dam Clean Lakes Ambient Water Quality/River Monitoring Beach Inspection Bio-monitoring Exotic Plants Fish Tissue Monitoring GulfWatch/Tidal Total Maximum Daily Loads (TMDLs) Lake Assessment Lakes Restoration - 1430 Account Limnology Center National Coastal Assessment NH Estuaries Public Bathing Facilities Shellfish - Paralytic Shellfish - Shoreline Surveys Shellfish - Water Monitoring Sunapee Satellite lab Total Maximum Daily Load Program (TMDLs) Volunteer Lake Assessment Program (VLAP) Volunteer River Assessment Program (VRAP)
	Wastewater Engineering	National Pollutant Discharge Elimination System (NPDES) Compliance Sludge Quality Certification Septage Hauler permitting Septage Holding Tank Sludge Facility Permitting Septage Facility Permitting Plant Operations (various)
	Winnepesaukee River Basin Laboratory	WRBP Laboratory
	Water Supply Engineering	Bureau Operations

Waste Management Division	Land Resources Protection: Wetlands	Source Water Protection Wetlands
	Land Resources Protection: Subsurface	Shoreland Protection Sub-division Review
	Land Resources Protection: Water Quality Engineering	Design Review Site Specific
	Waste Management	Solid Waste
		Hazardous Waste Compliance Special Investigations: Complaints & Emergency Response
	Oil Remediation & Compliance	Leaking Underground Storage Tanks
	Hazardous Waste Remediation	CERCLA – National Priorities List
	Planning	State Sites Reporting and Information Management
